Suggested next steps

- Design flows of set up for guidance page (to open in a new tab when clicked from dashboard)
- Design flows for the 'Start a new assessment' journey (including the 'Check your system' flow, system details and system assessment)
- Design flows for the 'Continue assessment' journey (including the 'Check your system' flow)
- Design flows for the 'Change' journeys (for completed assessments). **Based on the 'Change' journeys, we need to design the 'Check your system' flow and system details for updating the details of the system (not just assessment)**
- Design flows for the 'Submit assessment' journey (including the 'Check your system' flow)
- Our teams suggested process for reviewing self-assessments (Government CoP profile, Check your system, Review and submit, Confirmation)
- Our teams suggested process for reviewing self-assessments (Government CoP profile, Check your system, Review and submit, Confirmation) for cases where logging in takes a NT credentials (gov.uk sign in) and requires a delay NT credentials (gov.uk sign in) requires logging again.
